

Leaders in Drying Technology for Chemically Produced Toner

- Gentle mixing & drying
- Low power consumption
- Conical shape for fast/complete discharge
- Easy to clean
- Can handle “pasty” products

Vrieco-Nauta® Vacuum Dryer

Micron® DMR Flash Dryer

- High evaporation rates
- Excellent dispersion of solids for efficient drying
- Minimal product agglomeration
- Ability to handle wide range of feed viscosities.
- Wet cakes → pastes → slurries.
